

We are two students doing a project on online gambling and are looking into the problems it may have caused. If you have gambled online in the past, could you please fill out this short questionnaire? Your help will be much appreciated. Thanks! Nick Dodds and Graham Parker.

If you could tell us your age and gender this would be gratefully received although it is entirely up to you. If you feel like you don't want to answer any of the questions feel free to leave them out.

Q1 Have you ever lost time from work or education due to online gambling?

If yes, please give details

Q2 Have you gambled in a betting shop before?

Q3 What age were you when you first started gambling, and at what age did you first gamble online?

Q4 Did you mostly fund your account using a debit card, or using a credit card?

Q5 On average how many hours would you spend gambling online in one week?

Q6 What online game most appealed to you?
e.g. poker, roulette, horse and football betting etc

Q7 What first attracted you to online gambling, e.g. for fun, you saw a promotion, to make money etc?

Q8 Did you refer yourself to GamCare, or was it a partner, friend or family member?

Q9 Do you feel that GamCare has helped you and, if so, in what way?

Thanks again
